

iTrust 31 Series UPS

iTrust UH11 Series UPS

## iTrust 31/11 Series UPS

### Applications

- iTrust 31/11 series: Rating from 6-20kVA, applicable to banking operation offices, ATM machines, telecom toll centers and mobile base stations, and office networks in all industries

### Features

- Fully Digital Control With latest DSP**
- Intelligent Network Management**  
Internet/Intranet remotely network monitoring capability scale to 65000 units
- Wide Input Windows to Ensure High Availability**
- Two-level Lightning Surge Suppressor**  
Level D protection (standard): Endures mixed lightning up to 6kA/3kA for 8/20 ms  
Level C protection (optional): Endures lightning current up to 20kA for 8/20 ms
- EMC**  
Complies with EN50091
- Intelligent Battery Management**  
Automatic regulation of protection voltage to end battery discharge  
Automatic switchover between boost and float charging  
Automatic temperature compensation

### Dimensions And Weight

Models	W × H × D(mm)	Weight(kg)
UH31-0100L	280 × 875 × 770	97
UH31-0150L		116
UH31-0200L		116

Models	W x H x D (mm)	Weight(kg)Standard/long-delayed
UH11-0010/UH11-0010L	155 × 245 × 400	14/8
UH11-0020B/UH11-0020LB	210 × 375 × 500	40/20
UH11-0030/UH11-0030L	210 × 375 × 500	45/21
UH11-0060/UH11-006L	280 × 635 × 670	94/50
UH11-00100/UH11-00100L	280 × 875 × 770	178/80
